

**2nd International Conference on Recent Advances in Mechanical Infrastructure,
22-23 August 2020, IIT-RAM, Ahmedabad, India.**

Accepted Papers

1. “Surface Composite AA6061/SiC Manufactured by Hole and Groove Method Friction Stir Processing”, Daulat Kumar Sharma, Harshadkumar Jadav, Naishadh P. Patel, Devang Mahant and Gautam Upadhyay.
2. “Grain refinement and improvement in microhardness of AZ91 Mg alloy via Friction stir processing”, Mrs Minal S Dani and Dr. I B Dave.
3. “Applicability of Bobbin Tool Friction Stir Welding for Dissimilar Al-Mg Joint”, H. H. Jadav, V. J. Badheka, G. H. Upadhyay, Kishan Fuse, K. P. Mehta.
4. “A study on the comparison between activated TIG variants on the weld bead profile of P91 Steel. Part: 1”, Purvesh K. Nanavati, Vishvesh J. Badheka, Solanki Darshan, Idhariya Jaynish, Chintan Patel, Maharshi Pandiya.
